

Course name	Career Design I	Name of instructor	Baiko Sai
		E-mail	bsai@miu.ac.jp
Course format	lectures, exercises etc.	Office Hours	Friday morning
course		Classroom System	face to face
unit	2	Annual dividend	First- year student (international student)
Active Learning	can be	Required/Elective	Required
Course Overview	To become a part of an increasingly globalized society, students will receive foundational education in various aspects of Japanese culture, customs, etiquette, laws, and lifestyle, equipping them with the knowledge necessary to work and live in Japan in the future. Through this course, students will gain a correct understanding of their own values, strengths, and weaknesses, use self-analysis tools to create a proper life chart, and enhance their self-introduction skills and ability to coexist with multiculturalism.		
Goal to reach	- Learn about Japanese culture, customs, etiquette, laws, and lifestyle. - The ability to objectively understand and articulate one's own values, strengths, and aspirations. - I understand the relationship between learning during university life and career development. - Being able to properly promote oneself and set goals.
